

PROJECT APPLICATION
GUIDE

2022

Entrepreneur/entrepreneur companies that will be in the region for the first time register their users on the Antalya Technopark Portal to submit their R& D or Design Project applications to be in the region.

The screenshot shows the registration page of the Teknopark Yönetim Sistemi. The page has a dark blue background with a cityscape image. The Teknopark logo is at the top. Below it, the text 'Kullanıcı Kaydı' (User Registration) is displayed. The registration form includes fields for: 'T.C. Kimlik / Yabancı Kimlik No', 'Ad', 'Soyad', 'E-Posta', 'Telefon', 'Şifre', and 'Şifre (Tekrar)'. There is a 'Giriş Sayfası' (Login Page) link and a 'Kayıt Ol' (Register) button.

After the user is registered, the system automatically sends the activation email to the registered email address. (The activation mail may have been spam for some email extensions due to the firewall.)

Once the user has activated the registration, the system is logged in with the password set up during registration. Once logged in, a screen will appear about the actions that the user can perform in front of them.

The screenshot shows the dashboard of the Teknopark Yönetim Sistemi. The page has a dark blue header with the Teknopark logo and the user's name 'Mustafa DEMİRBAŞ'. The main content area is titled 'Teknopark Yönetim Sistemi' and features several cards for different services: 'Girişimci Başvuruları' (Entrepreneur Applications), 'Hakem' (Judge), 'İnsan Kaynakları' (Human Resources), 'Danışmanlık' (Consulting), and 'İletişim' (Communication). Each card lists specific actions that can be performed. The background image shows a woman in a lab coat.

The application process will begin if you click for a company/incubator application and click on the option “make a new company/incubator application.”

1. Company General Information:

Fill the relevant sections according to your current information if a company is established. If not, fill your personal information.
